"Some years ago while at Martinsburg, West Va., I was taken with cholera morbus, which was followed by diarrhoea. The doctor's medicine did me no good. I was advised to get a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, which I did, and it cured me sound and well.—G. A. MORRIS, Embreeville, Pa. For sale by Ackerman & Stewart, druggists.

Good Health

and pure blood are inseparable. If your blood is bad, your health must suffer. Poor blood allows the body to lose vitality just as a poor fire under the boiler allows the steam to run down. From poor blood to impure blood is but a step, and impure blood is mother to a large percentage of human ills. Dr. Harter's Iron Tonic is an antidote for both poor and impure blood, for it is both a builder and purifier—a food and a medicine. It is the best combination of the kind known to medical science, and its success for nearly half a century has led to its endorsement by thousands of medical men who have been unable to find a substitute.

Dr. Harter's Iron Tonic

will insure you against the many evils resulting from impure blood. Scrofula, pimples, blotches, kidney disorders, rheumatism, gout, dyspepsia, female weakness, anaemia, chlorosis, etc. are a few of them; but the greatest evil, the greatest danger, is the general weakening of the whole system, which affords an opening for every passing disease.

The following is only one of the thousands of testimonials we have received:

Detroit, Mich., Jan. 10, 1901. "I commenced using Dr. Harter's Iron Tonic when prostrate from a severe attack of rheumatism. After using three bottles all traces of this disease were completely eradicated from my system, and my general health was restored. As a blood purifier Dr. Harter's Iron Tonic has no equal, and I most sincerely recommend it to all persons suffering from indigestion, fatigue, rheumatism, and the many weakened conditions of the system produced by impure blood."—Margaret P. Yeazell, No. 640 Second Ave.

(\$4,000 guarantee that above testimonial is genuine.)

Every bottle of Dr. Harter's Iron Tonic has our "Green Seal" on the label. Don't accept a substitute—insist on Dr. Harter's.

During his recent visit to his old home in Normal, Illinois, Capt. W. H. Mann, of Manville, was made much of by his old soldier friends who served with him in the 94th Illinois Volunteers. He was entertained at the Soldier's Orphan's Home, a place the venerable captain had never visited though he was one of the first to donate \$500 for the founding of that institution. The local paper of Normal gives a considerable space to an account of Capt. Mann's visit.

J. B. Daniels a locomotive fireman and J. T. Hamilton railroad section foreman, both white, were fined \$10 each and costs before Judge Haskell Tuesday morning for being disorderly on the street in the neighborhood of the tent minstrel show the night before. Both men were somewhat under the influence of liquor, and Daniels was ugly. When Chief Hagan attempted to arrest the men he found that each carried ugly, long barreled revolvers. These he took away from them. Daniels resisted and the chief had to rap him pretty severely over the head with the butt end of a pistol to subdue him. The men were lodged in the city lock-up over night. The case against these men for carrying pistols has not yet come up.

The election in Putnam county on Tuesday was a most quiet affair, only about one-third of the registered voters going to the polls. The fact of there being no opposition to the regular democratic ticket was the cause. The highest vote cast for any one candidate was 382.

The proposed amendment to the constitution increasing the number of supreme court justices was carried by a vote of 89 for to 79 against—a majority of one for the amendment.

The amendment to increase the number of circuit court judges and to create new circuits was lost by a vote of 68 for to 75 against—majority of 7 against the proposition.

BEST LINIMENT ON EARTH.

L. M. McInay, Greenville, Tex., writes, Nov. 21, 1900: "I had rheumatism last winter, was down in bed six weeks; tried everything, but got no relief, till a friend gave me a part of a bottle of Ballard's Snow Liniment. I used it, and got two more bottles. It cured me and I haven't felt any rheumatism since. I can recommend Snow Liniment to be the best liniment on earth for rheumatism." For rheumatic, sciatic or neuralgic pains, rub in Ballard's Snow Liniment, you will not suffer long, but will be gratified with a speedy and effective cure. 25c, 50c and \$1.00 at Ackerman & Stewart's, Palatka, and Lounds' drug store, Crescent City.

The proper ripening and maturing of whiskey depends on the care and method of storage. The warehouses of The Hayner Distilling Company are of the most modern and improved style, constructed entirely of brick and steel and equipped with the hot air system of heating and ventilating, which keeps the whiskey at a uniform temperature the year round. As a result their 7-year-old is as fully developed as 14-year-old aged in the ordinary old-fashioned way, and it's better, too, for an uneven temperature of extreme heat and cold destroys the quality and flavor.

During the entire process of manufacture and from the time it is stored in barrels in their warehouses, until seven years later, it is bottled and shipped. HAYNER WHISKEY is under the watchful care of 10 of Uncle Sam's Government officials. It goes direct from their distillery to you, with all its original richness and flavor, carries a UNITED STATES REGISTERED DISTILLER'S GUARANTEE OF PURITY and AGE and saves you the enormous profits of the dealers.
